Business Model

Planetel Fiber-optic network in Veneto Region

M&A **Operations**

M&A: diRete in numbers

Acquisition closed on 22/12/2021 with 100% shares

DIRETE S.r.L. is a commercial company settled in Lonato, near Garda Lake, and provide to about 9000 customers (business and private), connectivity services and products like a system integrator.

Direte has been one of the most important resellers of FWA connectivity nationwide. Very loyal business customers and coverage areas that are often in a digital divide or otherwise poorly covered by the big operators.

An opportunity for Planetel to expand its customer base in a fast and structured way, with two very important targets:

- 1. To provide Direte customers with the group's services, both connectivity and cloud
- 2. Move customers covered by the Planetel network from FWA/FTTC to FTTH Planetel.
- Revenues 2021: About 5 MIL euros
- **Customers**: About 9.000 customers (60% residential, 40% Biz)
- **Main Suppliers**: Eolo, Intred, Irideos (NOT Planetel, it means that all of them are new customers for the group)
- **Employees**: 21 people (7 technicians)

M&A: Net-Admin in numbers

Acquisition closed on July 2022

Net-Admin, a company based in Monza (www.net-admin.it) which has been operating nationwide in the Information Technology and cloud services sector since 2014, supplies its public and private sector customers with high added-value consultancy, products and services.

Thanks to the skills acquired in many years within the industry, Net-Admin has built up impressive experience in the world of on-premises systems/infrastructures, cloud and networking, enabling it to develop its own data centers for the provision of cloud services. Over time, in fact, the Company has been able to build its own distinct identity in the cloud and web market, managing virtualized infrastructures with the most cutting-edge tools of the moment, and being able to respond to very important requirements of web portals of national importance. Net-Admin holds the brand serverincloud it. With the acquisition of Net-Admin, the domain will certainly become central to the group's online business proposition.

Again, integration with Planetel is taking place on two levels:

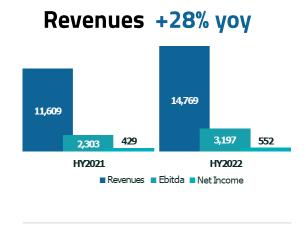

- 1. Infrastructure level. Net-Admin will move, by 2022, all the servers and platforms it uses onto the Planetel network. This opens new possibilities for customers.
- 2. Incorporate new virtualization technologies used by Net-Admin into Planetel.
- Turnover 2021: 1.04 ML
- Turnover as at 30/09/2022: 1.3 ML
- **Datacenters**: 2
- Servers under management: approx. 1400

Strategy

for future growth

The Cloud Market

CLOUD Market: one of the main focuses to be follow, HOW?

- The skills, commercial and technical in HY 2022 new skills are arrived in Planetel
- The backbone is the key! Our backbone is our power. Little, simple, local. The new wholesale market is very interesting on our Backbone, and a lot of opportunities are the salt of the next commercial partnership. Which is the company that can link Treviglio to Dalmine? Planetel! Which is the company that can link Treviglio to Milan? Planetel!
- The voice network is changing. A new revolution has been done during the last months of 2021, a migration of the Planetel voice interconnection with TIM to the new national voice protocol: SIP. What does it mean? Cost reductions (more or less 30% minus), and new important advanced services. In the first part of 2023 the migration will be closed definitively. A long period of hard job, for a new voice network in Planetel.

2022 Planetel Cloud Services Offering

Platforms & Cloud Services

- Planetel Veeam Backup e DR
- DR server hyperconverge or virtualization solutions
- On premise Single HW or Application Appliance
- VPS/ housing Hosting / Domini WEB / Planetel Email Archiving

- Mycall

Cybersecurity

- «Sicurezza Gestita» / Fortinet Reselling
- Sababa Awarness
- Sababa MDR
- Planetel Inwebo MFA
- Planetel Continuous scanning
- Planetel RidgeBot Penetration Testing
- Cyberoo Partnership signed in Dec 2021

Professional & Support Services: ITCARE

ItCare is a new Business Unit created in Planetel dedicated to provide professional services supporting private companies and Public Administration.

In the fist half of 2022: about 20 customers (enterprises and municipalities),1000 devices inside their offices.

Planetel Green

Our approach for sustainable future

Certified green energy. Energy supply contract with eVISO S.p.A: which guarantees certified green energy by also investing in the green certificate of our supplies, to guarnatee our stakeholders that «Planetel's enegry impact» is always under control.

Green projects for smart cities. A stronger relationship with the municipalities of the territory on which Planetel operates for certified sustainable services. Egs, IoT projects in the municipality of Treviolo for smart cities (schools, roads, parking, air quality).

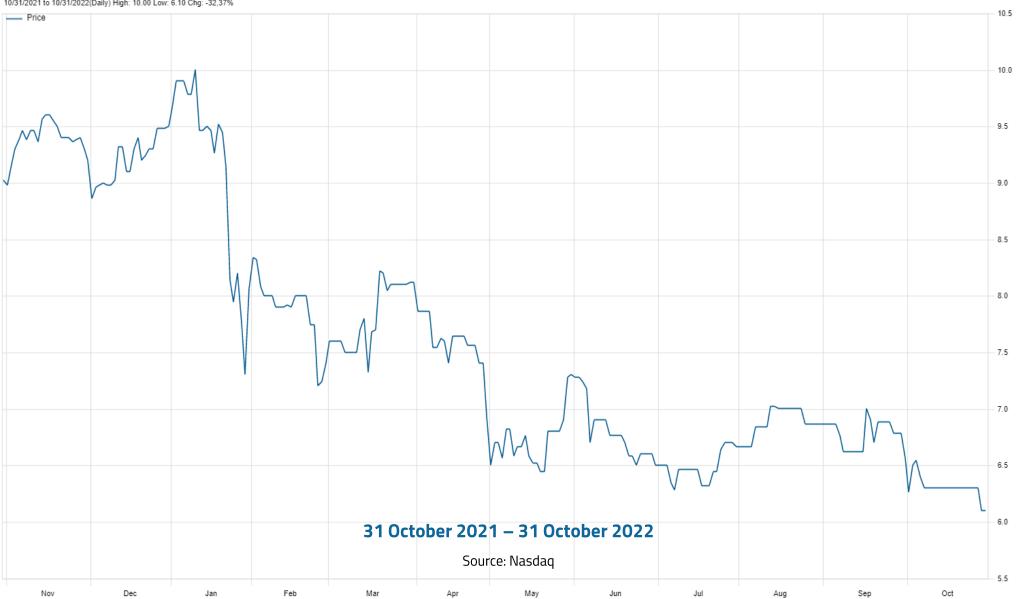

Planetel has committed to adopt the UN principles. Planetel has joned the United Nations Global Compact Network, an international network that pledges to adopt 10 of the 17 United Nations human rights, Environmental and anti-corruption, principles for corporate sustainability, and to actively participate in the achieving of the Sustainable Development Goals difined in the 2030 Agenda.
